## Countdown to Turvill Party Time starts now; Get your Passports ready, and save the date

OAK HARBOR—It should be one party not to be missed: a seven-day Alaska Cruise to celebrate Penny and Paul's 50th wedding anniversary, and everyone's invited!

The plan is to board the Sapphire Princess at Seattle on June 12, 2011, for a week of partying, sightseeing, partying, cruising, partying, great dining, partying, casino games, partying, adventures ashore, and more partying.

The Sapphire departs from Seattle on June 12, 2011, and returns to port on June 19, with ports of call in Ketchikan, Tracy Fjord, Juneau, and Skagway, AK, and Victoria, BC. Well over a dozen cabins will be reserved for Turvill friends and family, which promises to make this one memorable cruise for all who choose to partake.

Because the itinerary includes a stop in Victoria, BC, current US Immigration Law requires every passenger to have a valid Passport, so any who haven't done any international traveling recently and wish to join in the fun should get their Passport applications started.

This event promises to be big enough to require a professional Event Coordinator, who will be handling both pre-cruise accommodations and on-board arrangements. Interested friends and family should contact our Coordinator:

The Sapphire Princess departs Seattle June 12, returns June 19

Round trip includes popular ports-of-call on Alaska's Inland Passage

## 2010-2011 a year of special memories

OAK HARBOR—Fifty years can be a very long time, or it can seem to flash by in the wink of an eye. For Penny and Paul Turvill, it has been a time mostly filled with happy memories of family, careers, travel, pets and all of those events that make up a life together.

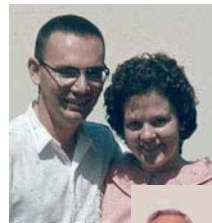

This October, we will be attending the 50th Reunion of our Stanford University Class of 1960, and a less than a year from now, we will be celebrating 50 years of marriage on the waters of Alaska's Inland Passage, accompanied by friends and family members.

While we've spent the last 28 years of our half-century together among our four-legged friends here in Oak Harbor, we did a bit of moving around, especially in the

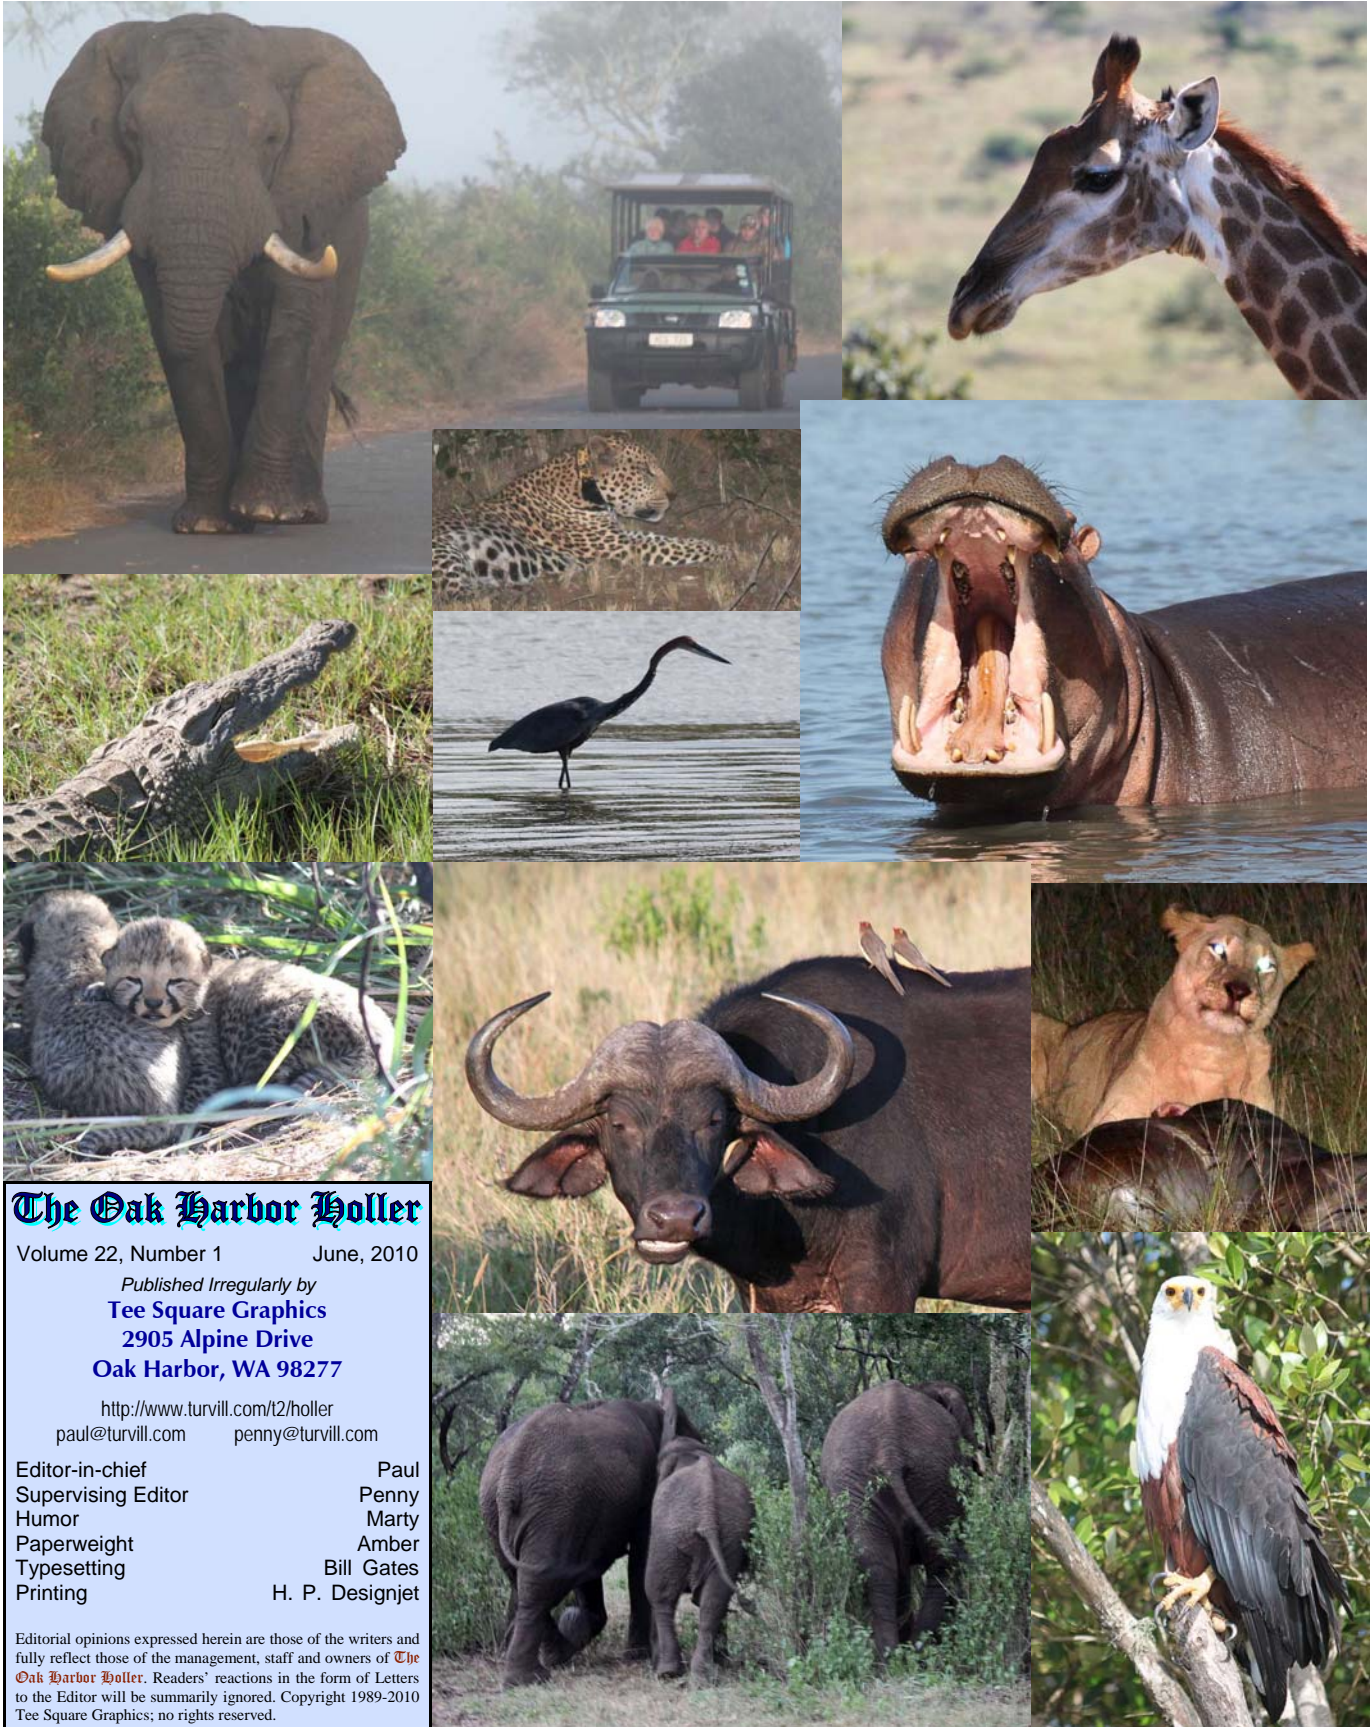

years immediately following Paul's graduation from Stanford. As an Army ROTC graduate, Paul was ordered quickly to Ft. Belvoir, VA for a training, and then to Ft. Leonard Wood, MO, where he was assigned to a Combat Engineer training unit. So, our family began in Missouri, where Kit was born.

After the Army, Paul took a job with the Peterbilt Motors Co. division of PACCAR, where he worked until his "first" retirement in 1988. Along the way, Penny worked jobs in architecture, obtained her Architect's License and eventually built her own successful practice, which continues in limited fashion to this very day.

Today, we're "mostly" retired and looking forward to celebrating our first half century together!
